

## September Online Community Education Schedule

Alzheimer's New Jersey® Online Community Education Programs provide caregivers, families, and friends the emotional support and education they need to better understand and manage Alzheimer's disease and other dementias. Registration is required. Please see below or click [here](#) for more information.

### Monthly Webinars Facilitated by Alzheimer's New Jersey Staff

#### Communication Tips and Techniques

**Wednesday, September 11th at 1:00 pm**

As Alzheimer's disease progresses, people with the disease lose their ability to use words to communicate. Join us to learn how to improve communication at each stage of the disease, including how to recognize behavior as a form of communication. Topics will include how to identify verbal and non-verbal messages to connect with the person living with Alzheimer's disease.

#### Residential Care Options

**Thursday, September 19<sup>th</sup> at 12:00 pm**

The decision to place a loved one with dementia in a residential care facility can be difficult, confusing, and fraught with understandable emotion. There are many issues to consider. Is there a "right" time for residential care placement? What are the different terms used to describe residential care settings? Is specialized memory care needed? What questions should be asked when evaluating a particular care option? This program is intended to assist and guide caregivers through the process of considering residential care placement for a loved one with dementia and to help caregivers make an informed decision. The importance of planning ahead will also be discussed.

**Please note, we use Microsoft Teams for our webinars.**
